Hi All,

I just wanted to tell about some of my most memorable experiences with Spooky2. My sister had skin cancer on her eyelids so I used Spooky2 remote for her and within a week the cancer had shrunk and finally disappeared completely.

My favorite experience for my self was: I had had a tooth infection that spread to my entire left upper jaw. I used spooky2 remote and plasma. The infection went down to the front infected tooth and then completely disappeared after 2 weeks. The only problem I had left was a spot above the tooth that kept bleeding. Two weeks ago that disappeared after I noticed a lump in the area were it was bleeding and rubbed it off, It was a small piece of tooth or bone. The bleeding stopped after that.

One other thing, I started using the plasma for for chakra clearing and charging and my REM and deep sleep started maxing out and has every night I ran it. Love Spooky2!!

Ya all take care.

#### Rife Healing Frequency Video

[Open all 7 Chakras: Mindfulness Meditation, Relaxation, and Cleansing](#) 

The concept of the “7 chakras,” also known as the seven energy centers and chakra points. Refers to the belief that there are seven main points of spiritual power in the human body. Originating from ancient Indian traditions, each chakra is associated with specific physical, emotional, and spiritual functions. [Click to listen to the video.](#)

[Advise regarding settings for high blood pressure.](#) 🤔

The blood pressure may be a symptom of some other root cause. You could run blood purify program using [Cold Laser](#) for 30 minutes per day. It can benefit the whole circulatory system including the lymphatic system and most organs

### [How to test whether Spooky2 PEMF coil is working](#) 🌿

The quickest way to test this-which I found by accident when I thought there was something wrong with my unit-is to put Spooky Remote BN on the coil. You'll hear the coil buzzing. And the LED on the remote will light up. [For more suggestions click here!](#)

### [Can anyone suggest pre surgery and post surgery options for my 11 year old fur baby?](#)

I have a 14 year old malteagle and I run healing and regeneration on her. She still has healthy gums and teeth. I agree with admin to run detox upon completion of surgery. Then run healing and regeneration and accelerated healing.

### [Audio report - Dystrophin](#)

John has recently created an audio for Dystrophin which is an essential protein that regulates muscle development and maintenance. A member of our group agreed to try this and started using this audio. He reports that already he is feeling stronger and more flexible - he is in his early 70s - but the most obvious changed has been to the whites of his eyes! His wife can hardly believe how white and bright they have become. He is very happy with the results so far.

That's all for this week. Take care :)
