[Quick Heal with Spooky2: No Bruises, Less Swelling](#) ❤️

I lost my balance and fell back in my studio on Monday. The brunt of the fall landed on my middle finger. It jammed it. Luckily it didn't break but it was sprained. Kept my wits, iced, and then put in a spooky remote sprain program. For the next 2 days I did contact mode with TENS and PEMF coil, and then back to sprain on remote. Today, there is no bruising and very little swelling. There was almost no pain.

machine, or even in the same country. Think of it as making a phone call to someone on the other side of the world via 'frequencies'. Your fingernails are like your personal phone number, so the call ONLY goes to you. [For more details click here!](#)

[What do you recommend for cancer treatment?](#)

With [Spooky2 central GeneratorX Pro kit](#), you can do a fast biofeedback scan 2-3 times a week using GeneratorX Pro, and find the frequencies your body needs. Spooky2 central is very powerful in killing cancer cells and other pathogens. Straight plasma tube is very good for full-body treatment, and phanotron tube is perfect for local target treatment.

[How to choose a rife machine for new users in Spooky2?](#)

I want a small, simple, cheap Rife machine. I had a brain hemorrhage 10 years ago and have left me with sequelae, but I am overwhelmed by all the discussion about it. I don't understand why it seems so complicated. [For more details click here!](#)

[I can't feel contact with the TENS Pads when I do the frequency test. Is it working?](#)

Tens placement is a user decision. The recommended location of the left ankle / right wrist is a general starting point to target the entire body. Makes sense as the electricity has to flow from one end to the other, thus providing coverage across as much of the body as possible.

[Do nails last 30 days from when clipped or from when put in the remote?](#)

The manual recommends changing DNA samples every 30 days due to the light aspect of DNA. However, personal testing showed old samples, still retained effectiveness. While some report slightly decreased efficacy with older samples, it's not enough to mandate a 30-day change. The choice is yours.

[Fluoride Detox Experience](#)

When we used the tap for coffee or just a drink, we both could taste all those chemicals swirling around and it felt like getting kicked in the gut from the inside out. Definite changes to the body when you start detoxing, especially when listening to the frequency. [Click here to see more details.](#)
